Announcement

To all of our cattlemen friends and fellow Shorthorn Breeders we extend a cordial invitation to attend this sale of the Braebourne and Circle L Shorthorns.

The Braebourne herd is being dispersed. This is a working herd and every animal offered is a producer. Every female old enough has produced a calf within the last few months. Nearly all of the older cows and heifers have calves at foot, those that do not are well along in calf. Some of the younger cows have been working overtime as evidenced by their condition. Regardless of the fact that this herd is being dispersed everything is fully guaranteed.

The Circle L draft are equally useful cattle. You will find many opportunities to duplicate the good fortune of those who purchased calves at foot and in dam in the 1955 Sale and later won Championships and Reserve Championships at some of the larger steer shows. Calves by the same sires will be offered. See the Circle L Show Herd at the Sioux Empire and Minnesota State Fairs.

The breedings of both offerings is replete with the blood of some of the most famous bulls of the breed. You will find animals close up to such famous bulls as Calrossie Welcome, Calrossie Harmony, Naemoor Marshal, Kirkton Baronet, Mount Banker, and Beaufort Bolido.

All the females have been Calfhood Vaccinated for Bangs and health certificates will be furnished for shipment anywhere. The young heifer calves at foot have not been vaccinated.

Both herds are in an area where it is very dry at this time and our pastures are short. However our loss maybe your gain.

WE do not keep our cattle they keep us. Every animal in the sale is a producer any other kind is not tolerated in either herd.

STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly

reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements

will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

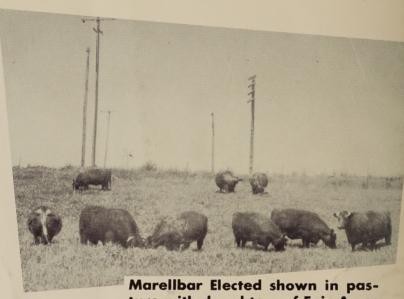

All prospective buyers should check health requirements of their states. As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

In addition to the catalogued lots we will sell one grade cow with an outstanding bull calf at foot that is a fine prospect for 4-H. Also we are selling additional caives sirred by Fair Acres Perfect that are half brothers to the steers pictured elsewhere in this catalogue. Based on the performance of these steers there are potential champions in this group. Don't miss this opportunity to secure a calf for next years' shows.
